To whom it may concern in The FDA:

RE: DOCKET NO. 98N-1265T MO:09

We are concerned and disapprove of
The Memorandum of Understanding as
published by The FDA on January 21, 1999.

The MOU as well as The Compounding
Section 503A of The Modernization Act
severely restricts The rights of consumers
to obtain prescriptions from pharmacists
out-of-state for compounded medicines.

It will be inconvenient and costly to The
consumer who travels frequently or
lives out-of-state for any length of time.

There is also more room for error and
miscommunication if someone needs a
refill on a prescription & a different
pharmacy in a different state needs to
compound it because The original pharmacy
can't send it out-of-state. The MOU
must be amended. Thank you S. Dunn
